

WINE ACCESSORIES

a brand new way to personalise any wine bottle

BRAND NEW WINE ACCESSORIES

They fit on every bottle.

Can be re-used on every bottle.

They can be sold with every bottle!

What makes our wine accessories so special?

Designed for branding. With their large surface for a logo or a message they are an original alternative for an own wine bottle label. After the bottle has been emptied, they will be used again and again!

Hygienic solution. Can be cleaned with warm water. With the use of food grade silicone, food safety is guaranteed.

Patented designs. The only wine accessories in the world that can be placed on a closed bottle. Sophisticated design with high quality finish.

WINE STOPPER

Press on top of a wine bottle, and an airtight seal will be created. This way all flavours are preserved and the wine can be enjoyed over a longer period of time.

DRIPPING

Place the dripping around the neck of a wine bottle. When wine drops are spilled while pouring in a glass, the ring catches all the drops. Preventing stains on the table cloth.
