Product Code: Jute_Bag Weight: 0.00kg Dimensions: 0.00cm x 0.00cm x 0.00cm Call for Price: +37061233041

Short Description Different models

Description

Jute is a long, soft, shiny, vegetable fibre that can be spun into rough, strong threads. Derived from plants that mainly grow in warm, humid areas is 100% biodegradable. You will not find anything more environmentally friendly. And it is the best in shopping: soft, breathable and absorbent.
